NOTHING WRONG WITH THE 3 UPPER VIEWS BUT THE LEFT AND RIGHT ARE KIND OF REDUNDANT. YOU COULD MAKE BETTER USE OF ONE BY CONVERTING IT TO A SECTINO VIEW.

NEED TO DEFINE SLOT DEPTH. BROKEN OUT SECTION MIGHT BE NICE ON THE VIEW TO THE LEFT OR RIGHT

CHANGE LEADER TO TOUCH RADIUS

MIGHT BE WORTH IT TO ADD 1 OR 2 HOLES FOR ADJUSTMENT. SHOULDN'T MAKE THAT MUCH WEAKER.

VIEW NOT NEEDED. ADD DIAMETER TO VIEW ON RIGHT.
